2. G.O.No.L.2330-3/Ml.150-25-26 dated the 21st September 1926 distributing the grant of Rs.1,50,000 among Districts for allotment to Municipal Towns for improvement works during 1926-27.

3. G.O.No.L.5994-6004/Ml.150-25-26 dated 28th February 1927 permitting the utilisation of the grant for improving existing wells and for construction of new wells in Municipal Towns.

Order No.L. 7274-83/Ml 150-25-46 Dated, Bangalore, the 11th April 27

Government observe that there is a possibility of expenditure on works being rushed through at the close of a year in order to prevent lapse of grants sanctioned during the year. They are therefore pleased to direct that municipal councils be informed that in cases in which individual grants sanctioned are not fully utilised the balances will not be generally liable to lapse. The amounts utilised should of course be surrendered to Government but if a request is made that the amount may be provided for in the succeeding year and the reasons for failure

to utilise the whole grant are explained the amount surrendered will be re-granted in a succeeding year for carrying out the work for which the original grant was intended.

2. It is also observed that in several instances these grants have been used for construction of Town Halls and reading rooms; Government wish to state that the bulk of the grants should not be used (~~mainly~~) for these purposes but spent preferably on Sanitation Schemes like improvement of drains and laying out of extensions and improvement of water Supply.
